

FB-200A

ELECTRIC BOLT LOCK

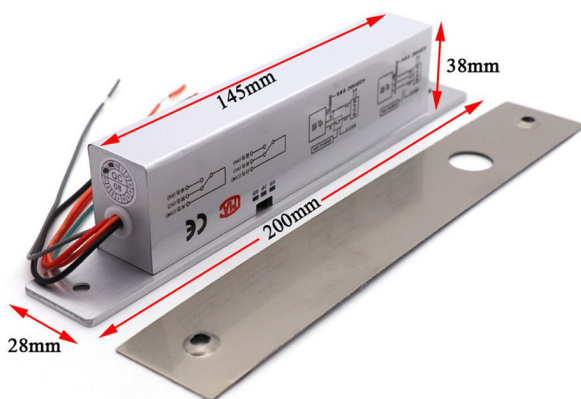

Product Features

- Narrow type electric bolt lock.
- Low temperature design, which makes access safer and durable.
- Optical control technique to prevent mechanical failure.
- Suitable for narrow doors (Wooden/ Aluminium/ Glass/ Metal Doors).
- Time delay setting: 0/3/6 sec.

Technical Specification

Model	FB-200A
Face Plate Material	Stainless steel
Holding Force	800Kg
Feature	Electric power to lock/unlock, Fail safe, Signal output
Time Delay	0, 3, 6 Sec
Voltage	DC12V
Start Current	900mA
Standby Current	120mA
Solid Bolt	Polising housing
Bolt	15mm
Induction Distance	8mm
Face Plate	200Lx28WX38H(mm)
Weight	700g
