

# FC-862W

## WATERPROOF EXIT BUTTON WITH LED

### Product Features

- FC-862W Metal Exit Button is a durable and reliable access control accessory designed for indoor and outdoor use. Made from high-quality stainless steel or zinc alloy, this button offers excellent resistance to water, dust, and vandalism, making it ideal for harsh environments.
- IP66 Waterproof Rating: Ensures safe operation in wet or outdoor conditions.
- Robust Metal Construction: Anti-vandal and corrosion-resistant.
- Momentary Switch Design: Returns to original position after pressing.
- LED Indicator: Illuminated versions for better visibility.

### Technical Specification

Model	FC-862W
Material	1.7mm thick stainless steel panel
Button material	304 stainless steel, silver cobalt
Current Rating	3A, 36VDC
Voltage	DC12V
Output	12V/GND/NO/COM
Operating humidity	0-95% (RH)
Ingress Protection Rating	IP66
Operating Temperature	-10~+55°C
Mechanical Life	500000 Tested
Dimensions	86L*86W*40H
Weight	0.14KG
